SEIZED BEER TO BE DESTROYED AT DANIELSON

(Special to The Bulletin)
Jewett City, Aug. 16.—The 7,200 bottles of beer seized here last week by the state police were found to be a "pulsance" when the matter of the disposition of the beer came up before the court this afternoon at four o'clock. This means that the beer will be destroyed. It is at the Danbury police barracks at the present time and will be destroyed in that place.
Arthur F. Libby, judge of the Norwich police court, occupied the bench in the local court in the absence of Judge Arthur M. Brown. No one appeared to claim the beer and it was proclaimed a "pulsance" by order of the court. Analysis showed the alcohol percentage of the beer to be about 5 per cent.
The accused were represented by Attorney Jeremiah J. Desmond of Norwich while Harry E. Back of Danbury appeared in behalf of the mill interests. The accused were charged with violating the terms of the temporary injunction shortly after it was issued and they were notified to appear for a hearing.
The complaint against the two men charged that they had violated the injunction by having beer on the premises of the mill. The injunction had been served on the striking employees that Wood and Wilson had violated the injunction by passing up and down in front of the mill while employees were going to work.
The two witnesses introduced by the complainants testified that last Thursday morning between 5:45 o'clock and a few minutes after 6 o'clock they went to the mill on their bicycle and met Wilson near the mill. They talked and then went away together and later on passed the mill again. It was testified that Wood passed the mill three times and Wilson twice.
The claims of the defendants was that they met again in front of the mill. The defendant, Wood, asked Wilson to accompany him to a store and Wilson did so. They talked and then Wilson, investigator Jackson and looked toward the mill but their actions had nothing to do with the strike.
After hearing the evidence Judge Haines dismissed the case. It is said that after the notice of the injunction was served on the striking employees, a delegation of the striking employees visited Attorney Desmond at his office in Danbury, and asked him what course they could take in regard to the injunction. Attorney Desmond, it is said, told them that the terms of the injunction meant just what they said. The striking employees, it is said, agreed, as a body, to abide by the court order and to avoid all trouble.

CHOICE DAHLIAS GROWN BY MRS. RALPH W. GALLUP

The Sunnyside Dahlia Gardens, just over Fox hill, on the road to Westerly, contain many choice varieties. Conspicuous among them are many which have never been grown in this part of the country. The owner of the garden, Mrs. Ralph W. Gallup, has devoted much time in securing beautiful and rare specimens of this wonderful flower. She generously invites the public to come and enjoy the garden with her.
Mrs. Gallup's garden contains several of Judge Moore's famous dahlias, including Mrs. Ida Ver Warner, a charming decorative of deep mauve-pink which had very large blossoms. Judge Moore is another larger specimen in shades of salmon pink, red, iridescent, orange, yellow and pure gold blended marvelously. Very beautiful are Venus and Lady Betty. Menstrophiles which is a ruby red showing golden joints.

POETRY

BLACK SHEEP.
From their folded mates they wander far,
Their ways seem harsh and wild;
They follow the heels of a baleful star,
Their paths are dream-beguiled.
Yet haply they sought but a wider range,
Some loftier mountain slope,
And the cruel rocks, where the deep
Buffs
And the lurking snare are spread,
Maybe, in spite of their timeless days
Of outcast liberty.
They're sick at heart for the homely ways
Where their gathered brothers lie.
And oft at night, when the plains fall
dark,
And the hills loom large and dim,
For the shepherd's poleman is compassed
And their souls go out to him.
Meanwhile "Black sheep! black sheep!"
cries,
Safe in the inner fold,
And wonder why
And marvel out in the cold.
—Richard Burton.
